 5. Confirm acknowledgement of the terms and conditions of the subject Selection Process by ticking the box
-

Conditions

- There is not guarantee that you will be able to change subjects at a later date or necessarily be able to get your top ranked choices so please make all selections including reserves very carefully.
- Your choices guide the development of the timetable. Based on the number of selections made for each subject decisions will be made about which courses will be running. Once this is decided then class groups will be created. Students may be required to re-select if subjects they have chosen do not run.
- Whilst we try to place students into their first choice subjects, for some students this may not be possible.
